CALIFORNIA CODE OF REGULATIONS, TITLE 22, SECTION 64675

LEAD AND COPPER MONITORING VIOLATION
JUNE THROUGH SEPTEMBER 2018

The California Health and Safety Code (hereinafter "CHSC"), Section 116650 authorizes the State Water Resources Control Board (hereinafter "State Water Board"), to issue a citation to a public water system when the State Water Board determines that the public water system has violated or is violating the California Safe Drinking Water Act (hereinafter "California SDWA"), (CHSC, Division 104, Part 12, Chapter 4, commencing with Section 116270), or any regulation, standard, permit, or order issued or adopted thereunder.

The State Water Board, acting by and through its Division of Drinking Water (hereinafter "Division"), and the Deputy Director for the Division, hereby issues Citation No. 05_019C_007 (hereinafter "Citation"), pursuant to Section 116650 of the CHSC to McAlpine Lake & Park (hereinafter "McAlpine"), for violation of California Code of Regulations (hereinafter "CCR"), Title 22, Section 64675.

Applicable statutes and regulations are available on the State Water Board website at:

STATEMENT OF FACTS

McAlpine is classified as a nontransient-noncommunity public water system with a population of 110, serving 33 connections. McAlpine operates under Domestic Water Supply Permit No. 02_05_05P-3500562 issued by the State Water Board on July 22, 2005.

McAlpine is required to maintain a monitoring program for lead and copper levels at the consumers' tap. The minimum number of tap sample sites required for McAlpine is based on the population served and whether McAlpine is on a standard or reduced monitoring schedule. The triennial monitoring schedule for McAlpine was five lead and copper samples due during the period June through September 2018. The State Water Board has not received the analytical results to show that the lead and copper monitoring was conducted during the period of June through September 2018.

DETERMINATION

McAlpine was required to collect a minimum of five lead and copper samples during the period June through September of 2018. McAlpine failed to collect the required number of lead and copper samples and submit the analytical results to the State

Water Board for the period June through September 2018. Therefore, the State Water Board has determined that McAlpine has failed to comply with CCR, Title 22, Section 64675 during 2018.

DIRECTIVES

The Notification Template can be downloaded from the State Water Board website at:
https://www.waterboards.ca.gov/drinking_water/certlic/drinkingwater/Notices.html

The McAlpine water system shall edit the wording of the sample notification as necessary and submit the completed form to the State Water Board for approval.

2) E-mail message to employees or students;

3) Posting on the Internet or intranet; or

4) Direct delivery to each customer.

4. Determine which secondary distribution method shown in Directive 3 will be used to conduct notification and inform the State Water Board of the selected method no later than **February 28, 2019**.

5. Complete Appendix 1: Compliance Certification Form. Submit it together with a copy of the public notification required by Directive 2 to the State Water Board on or before **March 28, 2019**.
